The following are the scanned contents of the ephemera retrieved from the abandoned Regency Mines office after a reported breaking and entering incident on April 26th 2020 at 3:33a.m. Presumably, the photographs and ID card were displaced from Miss Cavello's diary's back pocket.

The original documents were returned to the Cavello residence by Officer Irene Fletcher after archiving at 8:33a.m.

They consist of:

- *One large print of Cavello's senior year picture day portrait.*
 - *One photograph of Cavello and Miss Catherine DeAugustine on the shore of Lake Drydenne.*
 - *Miss Cavello's highschool student ID card.*
