

NAME: Joshua Farran Cavello

D.O.B: August 2 1977

HEIGHT: 6'2

WEIGHT: 180lbs

HAIR COLOUR: Dark Brown

EYE COLOUR: Dark Blue

HOMETOWN: Toronto

SIGNIFICANT RELATIONS:

- Joshua's immediate family are dead or estranged. He had a sister, Violet Arias née Cavello who disappeared in Drydenne Forest in 2010. She divorced her husband Robert Arias in 2008. He has sole custody of his niece, Amie Cavello.
- Joshua is best friends with Anthony DeAugustine, and takes a vested interest in his personal life. The two knew one another in childhood, though did not become close in adulthood until Anthony's marriage and subsequent relocation to Drydenne to raise their daughter in 1998.
- Joshua and Irene Fletcher have been each other's assigned partners within the precinct from 2005 to present (2020).

REASON FOR RECRUITMENT:

- Joshua had previously been employed on the Toronto PD. He chose to relocate to Drydenne after hearing his sister had relocated from British Columbia to Drydenne, in order to cut ties with her then husband Robert Arias' family on the west coast.

MEDICAL CONDITIONS:

- Joshua has mild nearsightedness, with a prescription of -1. It is insufficient to necessitate daily eyeglasses, but he does wear a pair while driving.
- Joshua has extensive scarring along his back from the Hyatt incident. It extends from his hip bones to each shoulder blade. After extensive physical therapy and experimental cosmetic procedures, the stricture does not limit his range of motion. Joshua has several bullet marks and knife scars on his torso and hands. He has had open heart surgery, and the scar remains.
- Joshua smokes and drinks socially, though as of 2010, has been attempting to quit.

NOTABLE CHARACTERISTICS:

- Joshua has always been able to see beyond the typical range of human perception (2) of the planes of existence (4). It is believed this latent ability was inherited, but exposure post the Hyatt incident and his encounter with The Bends Entity heightened this natural inclination. He is capable of seeing up to the 6th plane.
- Following his encounter with The Bends Entity, Joshua was diagnosed with Post Traumatic Stress Disorder. He still searches the mines on the anniversary of the Hyatt incident with his friend, Anthony DeAugustine as a means of support.
